

Technical Product Specifications

1. Product Name and Number

- The Sweater #101
- The Sweater #102
- The Sweater #103

2. Company Name

Don't Sweat It Products, LLC
(DSI Products, LLC)

3. Contact Information

29 Brookline Street
Needham, MA 02492
781/444-4440
www.dsiproducts.net

4. Product Composition

- Material: Bending Chip
- Recyclable Content: 100% Post Consumer/Post Industrial Paper
- Basis Weight: 111 lbs./1000 sq. ft.
- Caliper: 0.025 inches (+/-) 0.001 inches
- Color: Kraft - Brown (can be manufactured white)
- Product Exterior - Paraffin Wax Emulsion

5. Product Measurements

- Inside Bottom Diameter: 2.375 inches
- Outside Bottom Diameter: 2.435 inches
- Product #101 Height: 2.25 inches
- Product #102 Height: 3.25 inches
- Product #103 Height: 3.25 inches
- Frusto-Conical Angle: 6.5 degrees outward

6. Product Qualities and Benefits

- Recyclable board absorbs all of the condensation from an iced beverage
- Product keeps clothing, desks, and car cup holders dry
- Product keeps hands warm and dry
- Product retains water using a wax emulsion on the exterior of the product
- Product fits approximately 70% of all cups (16 oz. and above) presently on the market
- Product is customizable to any size for larger orders
- Product fits most car cup holders
- Product incorporates a removable bottom for conversion into a hot coffee sleeve

7. Patents and Trademarks

- December 2003, Provisional patent application for material and design of product submitted to USPTO, Daly, Crowley and Mofford, LLP
- November 2004, 2003 Provisional patent application converted into Non-provisional patent, Wolf, Greenfield and Sacks, P.C.
- December 2004, International patent application, Patent Cooperation Treaty (PCT) applied for based on 2003 Provisional patent application and 2004 Non-provisional patent application, Wolf, Greenfield and Sacks, P.C.
- November 2006, Provisional patent application for second design of product, Wolf, Greenfield and Sacks, P.C.
- November 2006, Provisional patent application for third design of product, Wolf, Greenfield and Sacks, P.C.
- June 2006, International patent application, Patent Cooperation Treaty (PCT) applied for based on June 2006 Provisional patent application, Wolf, Greenfield and Sacks, P.C.
